

LOGIN AND SIGNUP

That's amazing! I've got the same combination on my luggage!

LOGIN/SIGNUP

create

p@ssword^{HTTP}→ p@ssword → database

database

p@ssword

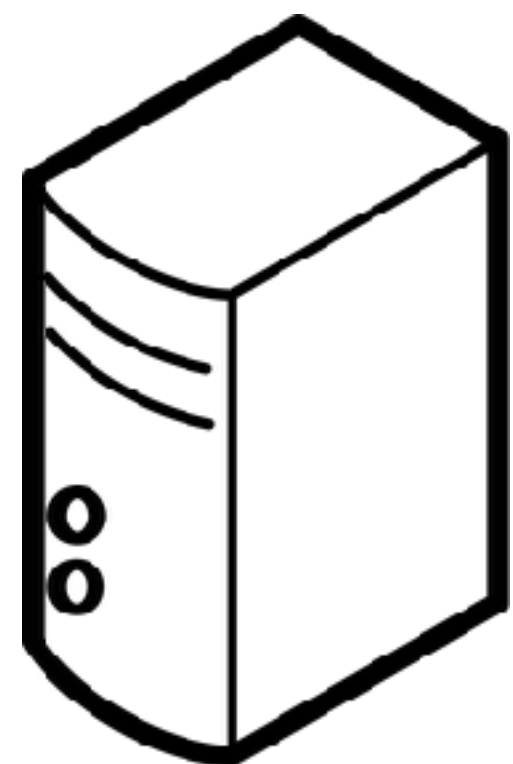

verify

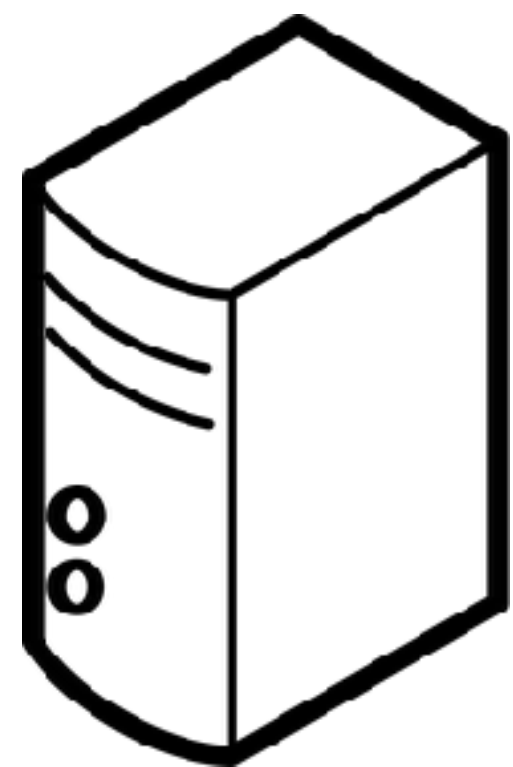

p@ssword^{HTTP}→ p@ssword ? p@ssword

OPERATIONS

- **GET /me** (*who am I?*)
- **POST /signup** (*let me introduce myself*)
- **PUT /login** (*you remember me, right?*)
- **DELETE /logout** (*please just forget me*)
